

Weekly Tool, DIY & Homesteading Newsletter

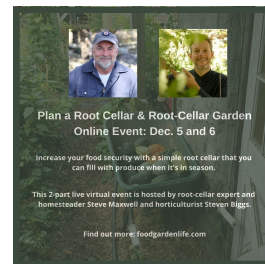

In Today's Issue:

Read, Watch & Learn

- [Electric In-Floor Heating for Toastier Toes](#)
- [Great Holiday Gifts on 20% Discount This Month](#)
- [The One Thing Honest Contractors Never Do](#)
- [How to Install Your Own Laminate Flooring](#)
- [How to Stop Peeling Household Paint](#)
- [Household Mold & Indoor Air Quality](#)

Root cellars are to vegetables what wine cellars are to wine. Want to add more excitement & security to your food & gardening experience? Join horticulturalist Steve Biggs and I this coming Monday & Tuesday evenings for a live, online root cellar training camp. [Click to learn more & join us and others who've already signed up.](#)

Registration closes tomorrow at 11pm.

Got Cold Feet?

See one type of electric in-floor heating that's much better than anything else I've tried, especially for warming small areas.

Give Gifts of Know-How

Got a handy person on your Christmas list? Check out my online, instructor-led courses, all discounted 20% for the holiday season.

[Click here to learn more ...](#)

Honest Contractor Test

This simple test goes a long way to highlight contractor honesty. You'd be wise to remember it if you hire help for renovations & construction.

Why Is My Paint Peeling?

Read my answer to a subscriber with exterior paint that peeled after just 3 years. The causes and cures I explain might help you in the future.

[Click here to learn more ...](#)

Mold & Indoor Air Quality

Learn how household mold problems & indoor air quality issues are related and how they can be fixed. Connect with me for one-on-one advice.
